ABOUT THE TRAINING COURSE

WESTAR's Training Center will host this training course for state, local and tribal air quality professional staff. This 2-day course will provide foundational knowledge of current air quality rules and regulations, and provide an overview of the Clean Air Act (CAA). The course will focus on rules and regulations that air quality personnel will encounter and navigate as part of responsibilities including major source permitting, national ambient air quality standards (NAAQS), new source performance standards (NSPS), national emission standards for hazardous air pollutants (NESHAP), and provide an introduction to and summary of the Clean Air Act (CAA), and status of rulemaking by EPA.

SPACE LIMITATION: Registration is limited to 30 attendees. Air quality staff from the fifteen western states receive registration preference.

Registration Fees:

There are no registration fees for state, local or tribal air quality agency staff. For federal agency staff a \$500 registration fee will be charged.
