ABOUT THE TRAINING

WHO SHOULD ATTEND: This introductory course is designed for new federal, state, local, and tribal environmental inspectors, and meets the training requirement under EPA Order 3500.1.

LEARNING OBJECTIVES: Those completing this course will have an understanding of the compliance assessment practices that are employed for evaluating air emission sources. The individual will gain an understanding of the following inspector tasks:

- Permit condition compliance documentation and evidence gathering
- Role of the field inspector
- Complaints handling and other inspection investigations
- Inspection of air pollution sources

COURSE DESCRIPTION: The course provides an overview of the aspects of inspection preparation, the procedures for conducting an inspection, and follow-up tasks that must be completed after conducting an inspection. Proper procedures are covered for investigating an air pollution complaint, conducting an inspection, and gathering evidence of an emission source compliance. The course also introduces various federal environmental laws and regulations to individuals that are new to environmental compliance programs.

SPACE LIMITATION: Registration is limited to 30 attendees. Air quality staff from the fifteen western states receive registration preference.

REGISTRATION FEES: There are no registration fees for state, local or tribal air quality agency staff. For federal employees, the registration fees are \$200.
