ABOUT THE TRAINING COURSE

WESTAR's Training Program will host this 3-day Intermediate New Source Review/Prevention of Significant Deterioration (NSR/PSD) training course for agency personnel who have, or will have, permitting responsibilities for major sources. The objectives of the course are to provide with an understanding of permitting elements, regulatory requirements, and policies pertaining to the major New Source Review program, and provide attendees with the knowledge, skills and abilities to identify pertinent regulatory and policy materials, and the ability to apply these to day-to-day responsibilities and activities.

Major Topics Include:

- New Source Review and Prevention of Significant Deterioration Programs – Background and History
- Definitions
- Applicability
- Requirements
- BACT
- NAAQS Analysis
- Netting Analysis
- Increment and Other Analyses
- NSR Reform
- Relationship between NSR and other programs
- Effective Use of Exclusions and Permit Procedures
- Pre-Application Monitoring Waivers
- Nonattainment Area Applicability and Requirements

SPACE LIMITATION: Registration is limited to 35 attendees. Air quality staff from the fifteen western states receive registration preference.

REGISTRATION FEES: There are no registration fees for state, local or tribal air quality agency staff. For federal employees, the registration fee is \$900.
